Happy New Year!

FROM THE HUDDLE HUB AND WIGMORE
VILLAGE HALL - YOUR MONTHLY
NEWSLETTER

Happy New Year villagers!

As most of you are aware, we had to quickly rethink our end of year plans due to the school's end of term change. On the 17th December we had a successful evening of hot pork rolls, hot dogs and a special visit from Santa. We had such wonderful feedback and we hope we can make it an annual event as well as other evening events throughout the year.

Here at the hub we have hit the ground running. After getting ready to open our doors, the government announcement meant we had to quickly revert back to a takeaway menu only. Our covid response remains the same, offering support where required within our community. Our team of volunteers will collect prescriptions and offer delivery for much needed supplies. Are you shielding, vulnerable or isolated? As part of our "covid response", we are offering homecooked meals delivered by one of our volunteers. If you would like to find out more please get in touch.

Talk Community Hub - WISH Hereford

What is the Talk Community Hub Project? Talk Community Hubs is a project that has been introduced and managed by Herefordshire Council to bring residents together and connect them to services in the local community. A Talk Community Hub is a place or scheme where local people can access information and activities to support their wellbeing and independence. Although at the moment, government restrictions have limited how people are able to meet physically, virtual platforms are being explored by the council as a means of keeping Herefordshire's communities connected.

What does a Talk Community Hub look like? Each hub is 'unique' depending on what their community looks like. At The Huddle Hub, we operate the Talk Hub alongside the opening hours of the café as a drop in service, however you will also be able to book a private appointment in the New Year.

Who runs the Talk Community Hub? The Talk Community Hubs are supported by Herefordshire Council, but are run by staff or volunteers from the local community or a combination of both. The staff or volunteers are trained to guide residents towards a wide range of wellbeing related information.

What are the benefits of having a Talk Community Hub in your area? It can strengthen communities, build friendships and help people to support one another through knowledge of local and countywide services.

Wigmore Village Hall Printing Facilities
